## DIRECTOR'S NOTE

The Apollo has been a part of my life from a young age. I first came to the Apollo to accompany my mom to her play rehearsals when I was just a little girl. I would watch the cast practice and get to see how shows come to life from the very first readthrough up to opening night. These experiences, along with an exposure to The Phantom of the Opera at age 2, sparked my love for theatre. My first show as a student in the youth program was High School Musical Jr. in 2017, so it was an amazing opportunity to return for the same show 5 years later, not only as an adult, but as the program's Stage Manager. My time stage managing with the Apollo Youth Program led me to the opportunity of directing their new "Just for Kids" program. This is now my third show directing the Kids program, and I am so thankful for it. On audition day, I was blown away with the talent these kids presented to me. Winnie the Pooh tells the story of Pooh and his friends joining together to save Christopher Robin from the Backson. It teaches us the valuable lesson of working with your friends to achieve a goal. I believe the kids took this lesson to heart while working to learn the show, and I could not be more proud of them for it. Most of us have grown up with Winnie the Pooh in one way or another like with books, movies, television shows, trips to Disney World, etc. My little sister, Lainey, in particular had a special affinity for Winnie the Pooh from a young age. The Spring Youth performances always fall on the weekend of her birthday, so when I saw that it was an option, I immediately knew I had to direct it. I would like to dedicate this show to my little sister. Happy 17th Birthday, Lainey! I would be remiss without thanking everyone involved in this production. To my students, I am insanely proud of each and every one of you and your effort into making this show come to life. Thank you for always asking questions and pushing me to become a better teacher and director. To Beth Rose, thank you for being a super awesome teacher to the kids, your amazing organization, and for your friendship. I will miss working with you so, so much. To Ashley, thank you so much for executing my visions for the costumes so perfectly. To Megan, thank you for your commitment to these kids and to us. Your coordination and organization is so integral to this program. To Tiffany, thank you for all of your hard work and for the collaboration across the shows. To Michael, thank you for your amazing dedication to the theatre and for trusting me with this opportunity. To Aubrey, thank you for everything. I could not have done any of these shows without you, and I miss working with you everyday. To the parents, thank you for trusting me to teach your kids and for all your volunteer work in the theatre. To Mom, thank you for introducing me to this amazing theatre world and always supporting my endeavors without question. To Lainey, Happy Birthday again, I love you, and I hope you love the show. This show truly would not have been possible without every single one of you involved. From the bottom of my heart, thank you.

*-Liv Shriver*
