FROM THE PRESIDENT OF THE APOLLO CIVIC THEATRE

The "Miracle on Martin Street" is what several people have said about the Apollo Civic Theatre through the years. I would like you to think of it as not only a miracle for its continuous operation since it opened its doors on January 19, 1914, but as your community theatre/civic center serving you and the surrounding area. This building has seen Vaudeville, hosted a radio studio in the 30's, hosted dances, been a movie theatre, live theatre, concert venue, plus has hosted the then unknown Garth Brooks in 1983. It's been a community gathering place and much more.

On March 16, 2020, the theatre went dark and for the first time since 1980 and was shut down for 2 years. We returned with our Youth Theatre Company shows and workshops. The Youth Summer Theatre Workshop (YSTW) production of "SpongeBob, the Musical" was followed by our modified season shows as well as our fall and winter after school youth programs. We also introduced our new "Just for Kids" workshop during our winter after school program. This program is for kids in grades kindergarten through 5th grade. Just for Kids will join our Junior Program in the fall and winter.

As always October means Apolloween at the Apollo!

The "Haunt" and our free movie "Hocus Pocus" as well as Paranormal Investigations and the "Rocky Horror Picture Show" all fill our Apolloween festivities.

Checkout our website for more information and read through this playbill for our upcoming season, special events and concerts.

We continue to make improvements in the theatre. We thank the city of Martinsburg for providing us funding for painting the exterior and emergency brick work. Thank you to the Berkeley County Commission for funding the marquee replacement. The marquee is being fabricated in Ohio by the Wagner Sign Company. We will have a big celebration once it's installed.

We are continuing our architectural assessment which was funded through the West Virginia Culture and History's State Preservation Office. This report will provide us with a plan for renovating and improving the facilities thus allowing more programming, access to the building and additional rentals. As we work through getting funding for this project, we continued in putting a fresh coat of paint on the building. With the bright Martin street corridor and our remodeled outer and inner lobby nearing completion, we are now renovating our concession area.

Senator Manchin secured the Apollo \$500,000 with 50% matching funding that we must secure. This money will be used on exterior masonry work along with renovations on the inside.

We like to get the word out of what is happening at your theatre so please contact us if you'd like us to make a presentation to your club or organization about the Apollo. We would like to thank all of the volunteers, sponsors and financial supporters who've contributed throughout the years and while we were closed. Your financial donations go to improving the equipment used in our productions along with maintenance and repairs on the building. Thanks to all who participated in the West Virginia Neighborhood Investment Program Tax Credits. We will have credits again this year.

We hope to see you at not only this production but the productions and special events throughout the year and hope you bring your friends to "get into the ACT".

Sincerely,

Michael L Noll

President,
Apollo Civic Theatre Board of Directors

OUR SOUND SYSTEM IS FAILING US

WE NEED YOUR HELP

Our sound system is from 1997 and has reached its legacy limits.

We are asking for your help in getting a new sound system so that the Apollo Civic Theatre can continue to provide children's programs, shows, live music and other events that this great theatre has to offer to the community.

The theatre has received \$55,000 towards the sound system. The cost of a new sound system is \$170,000. We need to raise an additional \$115,000.

If you are able to do so, please help support the theatre in making this happen. No amount is too small.

Young Jessica Riggs' family has fallen on hard times. Still, she keeps her belief in Santa Claus and the idea that there are miracles in the world. When an injured reindeer appears in Jessica's backyard, she believes it is Prancer. While she is nursing the creature back to health, the whole community of Three Oaks eventually learns about Prancer, causing big problems for Jessica as she tries to return the reindeer home. Based on the cherished film, Prancer, this piece uses a heartwarming story and breathtaking puppetry to bring light into your holiday season.

DIRECTORS BIOS

Aubrey Ervin

(PROGRAM DIRECTOR/ PRODUCER)

has never been one to perform in any fashion and surprised herself when she caught the theatre bug in 2010, the very first moment she stepped inside this beautiful old building. Her oldest daughter who was in 4th grade at the time asked if she could try an Apollo Youth Summer Theatre Workshop, and life truly has never been the same. Aubrey has worked behind the scenes sewing and creating costumes

and behind the curtains quick changing kids, applying band aides, giving piggybacks, throwing out encouragement and giving hugs for more than 30 shows. She accepted the position as the Youth Program Director January 2018 and then as Apollo's Program Director September the same year. She loves what she gets to do every single day. She is mama to three, Lolly to two and the mamma to drama to the over 100 kids she has had in her youth programs. She is truly grateful to all the parents who bring their kids here to the theatre and that come in to help her get things done. She could not do it without their dedication and time. She wants each of these kids to know that they inspire her constantly. She wants to thank Tiffany, Liv, and Beth Rose and Megan for truly being the best "girl Power" team a girl could wish for and for who you each are and the passion you each bring here and share with these kids. Thank you to her husband, Jeremiah for understanding this sometimes circus, and to Michael for believing in her and trusting that she can do all of this.

Your child will gain confidence, consistency, & academic readiness through our 1-1, tutoring program.

WE'RE SO PROUD OF YOU!

WE LOVE YOU TO THE MOON & BACK!

MOM, DAD, NAUNNY & RAUF

DIRECTOR'S NOTE

The Mean Girls movie came out when I was a junior in 2004 and became one of my favorite movies of my teen years. I was excited when I heard it had been turned into a musical. This show describes topics of high school girl cliques, bullying, and the effects of social media. High school kids often try to become something they are not to be popular or liked. In the case of this show, a high school girl infiltrated the popular girl clique to spy and bring the queen bee, Regina, down. Along the way, she hurt one of her true friends, lost herself, and pretended to be somebody she's not. Social media can be used in a positive way but can also be used in harmful ways and hurt people. Women and all people should be supportive and build each other up to be their true, authentic selves. Hope you all enjoy being transported to North Shore High School. It'll be fetch! Thank you to all the parents for your support and dedication to your children and for making this a great experience. Thank you to Liv for keeping me organized and on track. Thank you to Beth Rose for joining the crew, for music directing, and for helping to bring our show to life through music. Thank you to Anthony for helping to bring the show to life with the amazing set and the rest of the parents for giving your time and helping to build the set. Thank you to my tech guy, Nathan for working his magic with the lights. Thank you to my mischief squad for helping during rehearsals and keeping it entertaining. Thank you to Aubrey for being my awesome boss lady, listening to all my crazy ideas, even when I change my mind a thousand times or can't articulate them, and making them a reality. Thank you to my students for all your hard work and dedication and for bringing this show to life. Lastly, thank you to my family for all their love and support in my theatre endeavors.
