FROM THE PRESIDENT OF THE APOLLO CIVIC THEATRE

The "Miracle on Martin Street" is what several people have said about the Apollo Civic Theatre through the years. I would like you to think of it as not only a miracle for its continuous operation since it opened its doors on January 19, 1914, but as your community theatre/civic center serving you and the surrounding area. This building has seen Vaudeville, hosted a radio studio in the 30's, hosted dances, been a movie theatre, live theatre, concert venue, plus has hosted the then unknown Garth Brooks in 1983. It's been a community gathering place and much more.

On March 16, 2020, the theatre went dark and for the first time since 1980 and was shut down for 2 years. We returned with our Youth Theatre Company shows and workshops. The Youth Summer Theatre Workshop (YSTW) production of "SpongeBob, the Musical" was followed by our modified season shows as well as our fall and winter after school youth programs. We also introduced our new "Just for Kids" workshop during our winter after school program. This program is for kids in grades kindergarten through 5th grade. Just for Kids will join our Junior Program in the fall and winter.

As always October means Apolloween at the Apollo!

The "Haunt" and our free movie "Hocus Pocus" as well as Paranormal Investigations and the "Rocky Horror Picture Show" all fill our Apolloween festivities.

Checkout our website for more information and read through this playbill for our upcoming season, special events and concerts.

We continue to make improvements in the theatre. We thank the city of Martinsburg for providing us funding for painting the exterior and emergency brick work. Thank you to the Berkeley County Commission for funding the marquee replacement. The marquee is being fabricated in Ohio by the Wagner Sign Company. We will have a big celebration once it's installed.

We are continuing our architectural assessment which was funded through the West Virginia Culture and History's State Preservation Office. This report will provide us with a plan for renovating and improving the facilities thus allowing more programming, access to the building and additional rentals. As we work through getting funding for this project, we continued in putting a fresh coat of paint on the building. With the bright Martin street corridor and our remodeled outer and inner lobby nearing completion, we are now renovating our concession area.

Senator Manchin secured the Apollo \$500,000 with 50% matching funding that we must secure. This money will be used on exterior masonry work along with renovations on the inside.

We like to get the word out of what is happening at your theatre so please contact us if you'd like us to make a presentation to your club or organization about the Apollo. We would like to thank all of

the volunteers, sponsors and financial supporters who've contributed throughout the years and while we were closed. Your financial donations go to improving the equipment used in our productions along with maintenance and repairs on the building. Thanks to all who participated in the West Virginia Neighborhood Investment Program Tax Credits. We will have credits again this year.

We hope to see you at not only this production but the productions and special events throughout the year and hope you bring your friends to "get into the ACT".

Sincerely,

Michael L Noll

President,
Apollo Civic Theatre Board of Directors

OUR SOUND SYSTEM IS FAILING US

WE NEED YOUR HELP

Our sound system is from 1997 and has reached its legacy limits.

We are asking for your help in getting a new sound system so that the Apollo Civic Theatre can continue to provide children's programs, shows, live music and other events that this great theatre has to offer to the community.

The theatre has received \$55,000 towards the sound system. The cost of a new sound system is \$170,000. We need to raise an additional \$115,000.

If you are able to do so, please help support the theatre in making this happen. No amount is too small.

She would like to thank her parents, family and friends for their love, support and ongoing encouragement. She would also like to extend her love and thanks to her Apollo family. She couldn't ask for a better community to be a part of. Adelynn has worked hard for her role and loved all the dedication involved. She hopes you all enjoy the show equally. Happy Holidays!

DIRECTOR'S NOTE

I fell in love with Prancer back in 2019 when I was asked to build a large puppet for a production in York, PA, my hometown. I was living in Hagerstown at the time but after reading the script I was hooked and signed on to make it happen. With a little help and a little struggle from some talented friends, I built the first version of the large-scale Prancer you will see tonight.

With some modifications and new 'clothes' he is better and more magical than I could have ever imagined, and the three puppeteers who bring him to life hold a special place in my heart. Without their dedication to the role and their commitment to learning a new skill the show would not be possible. I would also like to thank the cast and crew for working so hard on this show, they are a mix of newcomers and regulars and everything in between and they pulled together and helped each other so much, it makes me proud to be their director. I have been with the Apollo as the artistic director for 3 years now and I have always wanted to make Christmas time at the Apollo special. I think this year this cast, and crew have helped me create something truly wonderful that is sure to get the audience in the Christmas spirit. Thank you for joining us on this journey.
